## Vehicle size

If, for reasons beyond our control, the reserved vehicle is not available, THRSA reserves the right to substitute a larger or superior vehicle at no extra cost to the renter. This shall not constitute a breach of contract and does not entitle the renter to any form of refund or claim against THRSA. **(For example where a 2 berth motorhome is substituted with a 4 berth motorhome, this is not construed as a breach)**

## Breakdown assistance and repair reimbursement

Single vehicle accidents are included in all liability cover options, except in the case of roll-overs. In case of damage to the vehicle rented, the following will apply:

**The incident:** All accidents must be reported to THRSA (THRSA Call Assist +27 11 230 5137 / +27 84 250 4937), and by law, to the Local Police within 24 hours. An AR (accident report) number from the police must be obtained at the time of reporting the incident. This proves that the accident has been registered. Failing to report accidents may void all liability cover and the renter becomes fully liable for all costs. We advise that you take as many photographs of the accident scene and also obtain the third party details when applicable. These can be recorded on the reverse side of the rental pack

envelope supplied to you on collection. We also suggest that you take a photograph of the driver's licences of the persons involved and of the license disc displayed on the windscreen of the 3<sup>rd</sup> party vehicle. An accident report which is provided in the RENTAL PACK, must also be completed. These documents and records of evidence will be submitted to THRSA in order to process the incident.

**The vehicle:** The renter is responsible for the recovery of the damaged vehicle to the original rental branch depending on the liability cover option taken. A replacement vehicle will only be dispatched once payment of all damages / recovery costs to the first vehicle is made, if applicable. THRSA reserves the right to withhold a replacement vehicle; this does not entitle the client to any claims against THRSA. If the renter requires a replacement vehicle to be delivered, charges will be levied if applicable, according to the liability cover option taken on the rental. If the renter is not granted a replacement vehicle, no refunds for early termination of the contract will be considered. Should the renter continue with a replacement vehicle, this vehicle will be noted under the current rental contract and standard cover will be applicable. This includes a new standard cover liability deposit pre-authorisation on the nominated credit card. LLR1 (Loss Liability Reduction) or Super Cover / LLR2 (Loss Liability Reduction) is not available on a replacement vehicle. (Irrespective of which party is at fault)

The original receipts must be submitted to your return branch when claiming against your LLR1 (Loss Liability Reduction) or Super Cover/LLR2 (Loss Liability Reduction), where a once off admin fee of ZAR1500.00 will be levied for this claim

**Exceptions & Conditions: [Liability Options, Standard Cover, LLR1 (Loss Liability Reduction) and Super Cover/LLR2 (Loss Liability Reduction)]**

***THRSA is not responsible for any damage or theft to items of personal nature. Travel and personal insurance is highly recommended. Exclusions of all cover options:***

The renter is fully liable for any damage to the THRSA vehicle or third party property if:

- Any terms of the rental contract is breached;
- Damages are sustained whilst the renter/driver is in violation of any traffic laws or ordinances;
- Damage to the vehicle is caused by careless, wilful or reckless driving. This includes:
  - Driving under the influence of alcohol or drugs
  - Driving on restricted or unrecognised roads
  - Driving over the speed limits as outlined in this document
  - Not adhering to the vehicle height restrictions; (the height of the overhead obstacle must have a clearance of more than 3.5m for the Maui Motorhomes)
- Overhead damage is covered, except for damage to the roof top mounted air-cooling system (A/C), awnings, air vents and the lutton on the 6-berth motorhome (M6B). Renters are reminded that the motorhomes are high. Caution needs to be taken when driving under branches, bridges, through archways or any overhead obstructions. (the height of the overhead obstacle must have a clearance of more than 3.5m)
- Related to water submersion or salt water damage:
  - A vehicle may not go through water.
  - The vehicle was driven in a country in which written approval was not obtained from THRSA;
  - Damage is incurred due to incorrect use of the hand brake;
  - The damage to the clutch after 3 days of commencement of the rental. The customer is then liable for:
    - The cost of the clutch kit which is ZAR24,500.00 including VAT and installation;

- Roll-overs are not covered in any liability cover options. A roll over is defined as a vehicle sustaining all types of damage due to it not being on all 4 wheels; (the vehicle being on its side is construed as a roll over);
- The incorrect fuel is pumped into the fuel tank and/or fuel in the water tank will incur a ZAR20,000.00 cost. THRSA advises that should this occur, the vehicle is to remain turned off and not started under any circumstances. This reduces the damage caused;
- Undercarriage damages by means of any and all damages including but not limited to the side sills, prop shaft, side shaft, front and rear diff and exhaust system.
- Loose equipment, steps, roof vents, air-cooling system (A/C) and awning where applicable.
- The renter is responsible for any damages or accidents that THRSA has not been made aware of on the return of the vehicle. Please note the applicable charges will be charged to the nominated credit card.

The renter is responsible for the repairing of flat or punctured tyres. The driver should not exceed the road traffic ordinance. For your safety, THRSA recommends a **maximum** speed of 120km/h on tarred roads, and 60km/h on gravel/sealed or corrugated roads, and 40km/h in National Parks. Tyres get hot and pressures increase at higher speeds. Tyres are then susceptible to damage especially on uneven surfaces. When replacing a tyre, please ensure that it is a new tyre of the same brand, size and that it has a ply rating of 4mm or more. Reconditioned, second hand or re-treaded tyres are NOT acceptable. The renter is required to check the tyre pressure when the tyres are cold (i.e. not after travelling for more than 10km), at regular intervals. All tyres should be checked, including spares. The company's minimum tread requirement is 4mm which is within the South African Road Ordinance limits of 4mm.
