Driver requirements

Vehicles can only be operated by qualified drivers 21 years of age or older. All drivers must have a valid and identifiable driver's license. Your driver's license and foreign passport are required as identification and will be verified. All drivers must be identified, authorized, and must sign the Rental Contract. There is no cost for additional drivers and no 'under 25' surcharge.

The minimum age is 21 years, there's no maximum age.

Additional drivers may be added to the rental contract free of charge.

An International Driver's License is not required unless renter's license is issued in a language that does not use the Latin alphabet, or when the renter only has a handwritten driver's license.

Deposit/credit card

A basic refundable security deposit of CA\$ 500 and the use of a credit card on name of the main driver to pay for all local charges and deposits are required at departure. Upon vehicle return, all extra charges are balanced against the security deposit and a credit will be issued to cover the refund. Cash or debit cards are not accepted for security deposits or any additional charges at departure.

Minimum rental period

A 7 night minimum applies to all rentals

One-ways

One-way fees between rental locations within the Canada are allowed and will vary in cost depending on pick-up location and routing. Please check with the Customer Service department for the rate applicable to your one-way choice at the time of booking.

Changes

Only the first change is at no charge. This first change may involve several aspects of the reservation (party size, items prepaid). The second and subsequent changes are at CA\$ 50 per aspect, per change.

The following changes will result in a re-calculation of the flex-rates. The rate will be calculated using the most current flex-rates and compared to the existing flex-rates; the higher rate will prevail.

1. Party name
2. Vehicle size
3. Departure location
4. Drop-off date
5. One-way drop off location
6. Cancellation and rebooking

Once confirmed, change in prepaid items and party size will not affect the flex-rates.

Transfers

Transfers are not included in your prepaid rental charges. Return transfers are your responsibility. Only with pre-purchase of Early Bird Departure Special are return transfers to designated hotel areas or airport included with the fee. A late return will void our responsibility to you for return transfers. Return transfers are normally accomplished up to 4:00 PM.

Picking up the vehicle

All overseas customers must spend the night in a hotel after arriving at their destination, before picking up the vehicle. Vehicle departure time begins at 1:00 PM (13:00 hours), however please note if you're departing on a Saturday times may vary due to early closure. Please call the departing station to arrange for an expected departure time. This policy is similar to the "check-in" policy at a hotel. Your actual departure time will vary. There are no refunds for late pick-ups. Early bird departures begin at 9:00AM (09:00 hours).

Dropping off the vehicle

Vehicles are to be returned by 9:00 AM and in no case later than 11:00 AM. A fee of US\$ 25 per hour will be charged for each hour that the vehicle is overdue without permission. You agree to return vehicle in the same condition as it was received, excluding normal wear and tear. Depending on local conditions, a cleaning and/or waste tank evacuation fee may be assessed at vehicle return up to US\$ 150. You will also pay for damages or loss of equipment. There are no refunds for early returns. With prepaid Early Bird departure special, return times beginning at 9:00 AM up to 3:00 PM unless the clients are returning on a Saturday (as some locations close earlier).

Vehicle size

You may find the model reserved to be inadequate for your party. Where possible, upgrades to a larger sized model will be allowed at a charge determined from local posted rates. Our policy is to provide you with the model reserved. In some instances, circumstances may require an upgrade to a larger sized motor home to accommodate an immediate departure. The upgrade will be provided at no charge to you and with no further liability to Cruise Canada

You may find the model reserved to be too large for your comfort. Where possible, downgrades to a smaller sized model will be allowed at no charge to you. In some instances, circumstances may require a downgrade to a smaller model to accommodate an immediate departure. The downgrade, if accepted, will earn a credit based on the difference in price at the time of reservation and with no further liability to Cruise Canada

Breakdown assistance and repair reimbursement

During a motorhome vacation some aspects of the vehicle or coach systems may fail or be impaired. If a mechanical breakdown should occur, Cruise Canada will assist to secure over-the-road maintenance from reputable service providers. All repairs require authorization by phone from Travelers Assistance at +1 (800) 334-4110 who will document the problem on a customer service log.

Travel restrictions

Alaska, Yukon and Northwest Territories & Newfoundland: Travel on all public and/or numbered roads is permitted. Travel on non-public roads, unpaved back roads, trails and the like – commonly called 'logging roads' or on any surface subjecting the vehicle to unreasonable damage or road hazard is prohibited. Clients may receive further information from Cruise Canada regarding seasonal travel restrictions as well. We reserve the right to restrict travel, dependent on current road conditions.

Toll Roads

Please be aware that the implementation of All-Electronic Tolling is becoming more and more prevalent in many popular areas of the USA and Canada. "All-Electronic" Tolling means the Traveler using these roads has no option to pay local tolls with cash. Instead, a picture of the vehicle's license plate is taken and used to assess toll charges. Clients of Cruise Canada are responsible for the payment of these charges.

The following is an explanation on how Cruise Canada will handle these charges:

In some cases, a process called "Reassignment" is allowed and is utilized by Cruise Canada. In this process, Cruise Canada transfers the client's information, including name and home address, to the relevant tolling authority. The relevant tolling authority bills the clients directly and no further correspondence with Cruise Canada takes place. The client must resolve the outstanding tolls and/or fees directly with the tolling authority. The advantage for the client in this process is the avoidance of any administrative charges by Cruise Canada.

For all other cases, Cruise Canada will pay the tolling authority or road agency directly. We will add a CA\$ 15 administrative fee and charge the client's credit card used for the rental. Please note our administrative fee is per rental, not per violation.

SPECIAL NOTE: Please be aware of the difference between automated tolling and services such as Fastrack and EZ Pass lanes. Using Fastrack and EZ Pass lanes without the corresponding transponder will result in punitive fees in addition to the regular toll rates. Fees in these cases can often be as high as CA\$ 25 - CA\$ 100 per violation. It is the clients' responsibility to avoid using these lanes under all circumstances in order to avoid such fees.

Parking/Traffic Violations

Client is responsible for reporting and payment of all parking/traffic violations at rental return. The credit card will be charged for any charges/fines/penalties issued to Cruise Canada in addition to an administrative fee of up to CA\$ 250 as a result of your not reporting a parking/traffic violation at return. Fines for parking, red light, speeding and other traffic violations are treated similarly to the above, however, the administrative fees charged by Cruise Canada in these cases is CA\$ 50 per rental.

Pets and animals

Pets are welcomed at Cruise Canada, but have to be confirmed in advance. Customer agrees to clean up after their pet and return unit in same condition as received, or be subject to a cleaning fee up to \$250,-

Smoking

Smoking is not allowed in any vehicle.

Winterization

Vehicle operating systems are not fully operable during subfreezing temperatures. Check the Renter Assistance Guide or Customer Service for winter operations but be aware that in Canada and northern US cities, vehicles are likely to have anti-freeze in holding tanks meaning that vehicle water facilities will not be available.
