The IDP is a special license which allows motorists to drive internationally, which is valid only when accompanied by a valid driver's license from their country. Fraserway does not require an IDP, but recommends renters having one in case they get stopped by the police. Driver's licenses that are not printed in Latin alphabet require an international driving permit in English language, and Fraserway does not accept responsibility if law enforcement refuses to accept a license on the basis of not being accompanied by an IDP.

Winterized vehicles

Please note that all vehicles departing between October 01 – April 30 may be subject to winterization. The decision will be based on the projected temperatures at the time of departure and the weather forecast. If the vehicle is winterized, it will have no water on board. You will have to supply external water jugs and the shower will not be usable. If you wish to use the toilet you will need to carry anti-freeze with you to ensure the liquids will not freeze in the tank. The same goes for the sinks (grey water). If you are planning on draining any liquids down the grey water tank please note: a cup of antifreeze will be required after each use to ensure no water is freezing in the p-trap and the tanks cannot be more than 50% full (leaving enough air for expansion in the event the contents freeze after all). As all public dump stations will be closed, a dumping fee of \$25 will be levied upon return if the grey- or black water tank have been used.
